Coils/sheets/tread plates are produced according to EN485-1-2-4, EN573-3, EN546-1-2-3-4, EN1396, EN602, ASTM-B209 standards**
*For the purpose of tracebility, inspection and test results of incoming raw materials which are related to products can be provided upon request.
* Tests and equipments;
Tensile test : ZWICK Z050 or Z WICK 1478, EN ISO 6892-1 or AA (depending on customers' requests)
Spectral Analysis : ARL 4460, ARL 3460
Hardness test : FUTÜRE-TECH FM-700, EN ISO 6506
Cupping test : ERICHSEN, DIN 50101
** Materials produced according to customer and/or Assan specifications are exempt from these standarts.
